Collins Park News:

SoBe Arts had a great article in the Sun Post last week and I again reach out to any of you who can please help support their summer scholarship program. I have sponsored a student's tuition 100% for over a year now and I know I've made a difference in his life. There are many other students who can not afford the tuition and need help. Don't leave it to the next person. Please help now. Art and culture has to be for every child who wants it and not just those who can afford it. Donations in any amount help defray the costs to these students. Check out the programs at www.sobearts.org. You will be impressed with what they do, particularly for our youth. They offer a diversified program that encompasses all of performance art, not just music. Please, please help.

Alex Wong did a phenomenal job dancing this week. The judges told him that his was the best performance EVER on So You Think You Can Dance and it was easy to see why Edward Villella wouldn't want to let him go. Kudos for Alex and Miami City Ballet. This is great exposure for both. He is now one of the top 10. He can't win without votes so watch Fox (channel 7) every Wednesday at 8 PM through August and remember to vote as many times as you can.

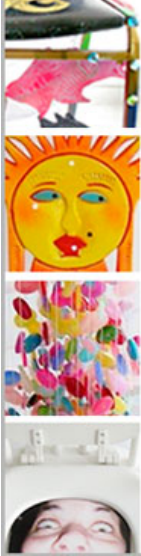

Talula's Andrea Curto-Randazzo is on Bravo's Top Chef program, also broadcast on Wednesdays at 9PM. Like Alex, Andrea made it through the first week. You don't get to vote but you can watch and root for our home town, Collins Park girl. Go Andrea! There has been great press in the Herald all week for Andrea and we are proud of her. Talula Restaurant was also CPNA's business of the year for 2009. Remember, Talula's has a great Father's Day Brunch for only \$35. Can't beat that and then check out the neighborhood. Park once and see it all... Collins Park, CANDO Arts Co-op, the Bass Museum, check out the Library, even the beach. Call it a lazy day in Collins Park. Stay close to home and have a fun day.

Collins Park is still on schedule to be complete September 1st, 2010. Walk by and take a look. All the trees are in place and you can really see what we will have when it is all done. Fabulous!
