BUSINESS

Sponsor a kid for SoBe Arts.

The School year has begun and there are many kids whose families cannot afford music or dance lessons for their children. The grant money that has been available in the past for these kids has dried up and it is up to others, us, to insure that music and dance is not only available to the affluent but to all kids. Please join me in helping this worthwhile organization. My partner and I sponsored a brother and sister and yes, that was a little expensive but well worth any sacrifice we made to help change the life and future of these great kids. Our friend, Michael Gongora heard of my program and immediately stepped up to the plate and sponsored a budding flutist. He too sees the value of arts education in our community. If you can't afford to sponsor a kid, make a donation to the scholarship fund. This is an important and worthwhile cause in our community. It is our children and our future. Please help. You
